Subject: Your Help is Needed!

Dear Everyone,

Your help is needed to raise the demand for **great tasting and healthy food.**

Humans are fully capable of creating tasty dishes from healthy plant-based ingredients. The **demand is greatly needed to inspire the supply.** As consumers, you are most influential in affecting this change for the better. Please do this for your health, for the children, for the animals and for the planet.

Please pass this message on and give the attached message (behind) to food outlet managers.

With great appreciation,

Please visit www.vegetarian-society.org

Dear Manager,

Please have more **healthy vegetarian options**.

We enjoy eating great tasting food, but we do not wish to eat animals, and prefer not to eat eggs or dairy either.

We believe that vegetarianism is **good for the body, mind and soul**, and contributes to **world harmony**.

We look forward to continuing to patronise your outlet.

Thank you.

Sincerely

PS :

Vegetarian Society (Singapore), VSS, is a non-profit, non-religious organisation run by volunteers. Through education and awareness we strive to build a more humane and harmonious world for everyone on the planet and for our future generations. Visit **www.vegetarian-society.org** for more information.
